

President Mario Avenido discusses insurance benefits to members during information campaigns held in various police offices nationwide.

PSMBFI Vice President Armado Ramolete guest in a radio program hosted by PCSupt Rhodel Sermonia, Director of the Police Community Relations Group.

# PSMBFI benefits increase as members pay the same monthly premium rate at 3% of basic pay

Policemen and other uniformed personnel are now receiving higher salaries after President Rodrigo Duterte signed a joint resolution by Congress authorizing the salary hike. This is *"in order to make it more commensurate with their critical role in maintaining national security and peace and order"*, a fitting recognition for their services.

Beginning January 2018, every PNP personnel have different levels of salary increase according to their ranks. In turn, members of the Public Safety Mutual Benefit Fund, Inc. maintain their monthly premium at 3% of their base pay which amount is proportionate to their basic pay. The same is applied upon promotion in rank or should there be another tranche of pay hike assuring members of bigger insurance coverage for their best interest.

For instance, a Police Officer 1 (PO1) was previously receiving P14,834.00 basic pay and was insured with PSMBFI for P219,376.06. Now his salary is P29,668.00 and is insured for P438,752.11. But if a PO1 dies of accident then the insurance benefit is doubled to P877,504.22; or if killed

in action then an additional amount equivalent to 50% of his basic life insurance is added to the family's claim.

PSMBFI increased the amount of insurance benefits for the best interest of its members whose profession makes them constantly exposed to all forms of danger. In fact, there were even members who lost their lives at the start of the year and the coverage under the new Schedule of Benefits was already applied.

More importantly, members can invest for a better future whereby half of their monthly premium is set aside as their savings which earns interest and enables them to save more. Again, every time a PO1 pays a monthly pemium of P890.04, then half of this amount becomes his Equity Value, which after many years, he can obtain upon retirement from the service.

Members also have the accidental death, accident hospitalization, and wounded in action benefits; monetary benefits like the Member's Experience Refund and the privilege to avail of the loan facilities.

PSMBFI is relentless in conducting information campaigns, attending consultative meetings, and utilizing platforms such as media, television, radio, and social media to reach as many members nationwide. Partner agencies are supportive of these efforts while PSMBFI members maintain their trust with increased awareness of their benefits.

# **20 years of PSMBFI service**

Two decades ago, the Philippine National Police leadership found it necessary to create a mutual benefit association after the passage of Republic Act 8291. Problems persisted among the families of deceased police personnel without insurance protection, thus prompting a consensus to create the Public Safety Mutual Benefit Fund, Inc.

its 20th Now. on year in service, PSMBFI colorful reminisces the history of its creation a story of an incredible overcoming journey of challenges over the years to reach its present stature. The Association learned valuable lessons from its past in order to provide better and broader services for present and future members.

PSMBFI is now more than an insurance provider. Over the years, it has taken on a unique role of looking after the morale and

welfare of public safety practitioners. It also supports the programs and activities of partner agencies.

In just two decades, PSMBFI has undergone key changes but the significant difference now is the focus on helping improve the quality of life of its members. PSMBFI members, in turn, have their own inspiring stories of heroism, sacrifices, and personal testimonies of how the Association has helped them when all hope seem abandoned. PSMBFI values its members - the everyday heroes who enforce and uphold the majesty of the laws, maintain peace and order, fight criminality, and save lives.

It is inevitable that members may be vulnerable to various risks as they put their lives on the line for the nation, with their health susceptible to deterioration with age. But with life insurance protection, there will always be a great sense of relief and confidence in performing public service and attend to the country's most pressing affairs. PSMBFI members will always be provided with better insurance protection and living benefits.

PSMBFI also takes pride of the trust of its members which always result to positive developments. After all, the members will always be the lifeblood and cornerstone of the Association.

That said, there are many reasons for PSMBFI to stay on course and provide more benefits to members in the years ahead.

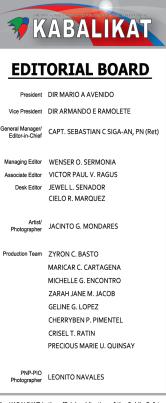

## PSMBFI extends cash advance to the family of cop killed in vehicle accident in Benguet

The life insurance for members of the Public Safety Mutual Benefit Fund, Inc. helps protect the future of their families in the face of uncertainties. Aside from death by natural causes, there are members who die of accident or those "unfortunate incidents that happen unexpectedly and unintentionally, typically resulting in damage or injury".

On January 6, 2018, a vehicle en route to Nueva Viscaya fell into a 50-meter deep ravine at the boundary of Adonot and Guissetin Benguet. Among the passengers was SPO3 Jeofel Benito Layno who was rushed to the hospital but died on January 9, 2018. He was assigned at the Dupax del Norte MPS, Nueva Viscaya PPO. This incident also claimed the lives of some of his loved ones. The late SPO3 Layno was a PSMBFI member, and the partial payment of death benefit (*cash advance only*) was immediately given to his beneficiaries, while they are on the process of completing the requirements for the settlement of the total insurance benefit.

The amount of PSMBFI insurance benefit for the beneficiaries of the late SPO3 Layno is based on the 2018 PSMBFI Schedule Benefits, of wherein the insurance coverage of members increased proportionately to the PNP salary increase, while they continue to pay their monthly premium equivalent to 3% of their base pay.

The KABALIKAT is the official publication of the Public Safety Mutual Benefit Func, Inc. For your querries, comments and suggestions, you may call (02)725-1635 or 726-1675. We also have our Regional Offices nationwide.

## Insurance benefits for PNP-AKG hero cops

n a police operation conducted by the PNP Anti-Kidnapping Group last December 23, 2017, PSupt Arthur Masungsong was killed in action and PCInsp Ronaldo Lumactod Jr, was injured when suspects open fired at their vehicle.

insurance benefits were immediately processed. The beneficiaries of the late PSupt Masungsong received the PSMBFI cash advance of insurance claim inclusive of the Killed-in-Action Benefit, during his wake last December 27, 2017 in Carmona, Cavite. The full amount of insurance benefit will be received by his family

upon submission of the required documents. While the Wounded-in-Action Benefit amounting to P50,000.00 was received by PCInsp Lumactod.

Death will always be heartbreaking as families will have to get through life without their loved one.

The lives of policemen are always at risk and PSMBFI will do its best to ensure that the insurance benefits of the families left behind are immediately processed to include the cash advance of the claim, while the benefit for injured members are given the soonest time.

Both being PSMBFI members, their

# **PNP recruits are protected by PSMBFI**

he Philippine National Police (PNP) hires thousands to enter the service every year to increase police manpower, improve police-to-population ratio, enhance police visibility program, and anti-insurgency operation.

The police recruits enter the service as Police Officer 1, through the regular quota to be distributed to various regional offices and national support units or through the attrition quota in order to replenish personnel losses due to retirement, separation from service, or death.

After oath taking, they will undergo Public Safety Basic Recruit Course for six months, and Field Training Program for another six months.

Their training will be rigorous and it is essential that they have life insurance. The Public Safety Mutual Benefit Fund Inc is fully aware of the risks that go with the profession. Hence, the police recruits signify membership with PSMBFI before they are sent off to training school. This way, they are already insured, able to invest for their future, and have a financially secured retirement life.

In 2017, membership with PSMBFI found more significance when two police recruits died during training. PO1 Lorenz Gregg Maningo of the Criminal Investigation and Detection Group died of heatstroke in Isabela last August 13, 2017. The other is PO1 John Vicson De Vera of PRO 1 who succumbed to dengue last August 16, 2017. The full payment of the insurance claim were immediately processed and received by their families.

The immediate release of insurance benefit stems from the creation of PSMBFI in 1997 in order to provide life insurance to the uniformed PNP personnel after their exclusion from the government social insurance by virtue of law. Since then, PSMBFI evolved to be one of the the biggest mutual benefit associations in the country.

PSMBFI is relied upon by policemen and public safety practitioners for insurance protection and living benefits.

## **REMINDERS TO PSMBFI MEMBERS AND THEIR BENEFICIARIES**

PSMBFI members or the beneficiaries of deceased members who have not yet received their insurance claim are advised to coordinate with the Insurance Department at (02) 725 - 4725 or our Regional Extension Offices (REOs). We will be glad to provide you with the necessary assistance.

For those claiming the benefit checks (death claim), the beneficiary may authorize any member of his/her immediate family. The authorized person must bring a Special Power of Attorney (SPA). All representatives must bring valid identification cards.

As for the Special Power of Attorney, it must specify the kind of transaction they have with PSMBFI, and must be signed by the member/beneficiary. The same must be duly notarized by a Notary Public or administered by the member's immediate superior.

## Insurance benefit for family of cop who lost life in car accident

The cash advance for the family of the late PCInsp Reuben Garcia was given by PSMBFI General Manager Sebastian C Siga-an last November 28, 2017 at the PNP Mortuary in Camp Crame. While the full amount of insurance claim was received upon submission of all

required documents. The late PCInsp Garcia was detailed and deployed to compose the RSSF during the 31st ASEAN Summmit. On November 10, 2017 while driving his vehicle going to duty, he felt a sudden chest pain

which resulted in a vehicular accident as he bumped a concrete wall while traversing Kaingin Road towards C5 Extension in Paranaque City. He was rushed to the hospital but later died due to septic shock.

## PSMBFI INSURANCE FOR AMBUSHED COPS AT PRO 6

PSMBFI recognizes the gallantry of police personnel ambushed by heavily armed New People's Army (NPA) last November 24, 2017. These police personnel were conducting major operation (Galugad Sinko) along Barangay Dagami, Maasin, Iloilo.

The incident resulted to the death of PO1 Joefel Odon after improvised explosive devices planted by the CPP-NPA went off. The cash advance of insurance benefit was immediately received by his beneficiaries.

## Endowment at 56 lecture among police rookies

The benefits of the Endowment at 56 as an insurance and investment plan is regularly discussed among the new Police Officers 1. The E-56 is among the important plans of PSMBFI as it helps the member with his expenses having reached the retirement at age 56, and prior to his receipt of his pension.

Under the E-56, the insurance coverage of the policyholder is equivalent to the sum assured. The sum assured will be received when the policyholder turns 56 years old, which amount can reach up to P3 millon.

Likewise, the protection of the policyholder is maximized. If the death is by accident, an additional cash benefit will be given to the beneficiaries. While if total and permanent disability due to sickness or accident is incurred, succeeding premiums may be waived. The E-56 comes with a loan privilege whereby the policyholder may borrow up to 90% of his Cash Surrender Value.

Through the E-56, PSMBFI members are able to plan and save for their retirement for a greater potential return on their future investment.

## **Reminiscing Our Glorious Past and Looking Forward to the Future**

By PDG Recaredo A Sarmiento II (Ret), PSMBFI Founding Chairman

Ladies and gentlemen,

Twenty years is a milestone. It is an occasion to celebrate – an opportunity to momentarily look back and to see beyond the past as it becomes a golden ticket to chart the path forward.

I am delighted to be your guest of honor tonight as you celebrate the 20th founding anniversary of an organization that has given me wonderful memories, the Public Safety Mutual Benefit Fund, Inc. or PSMBFI, as it is widely known now.

In 1997, PSMBFI was created in response to a growing concern about the welfare of our uniformed personnel, policemen in particular, after the stoppage of their mandatory social insurance by virtue of law. Yours truly together with the incorporators, brainstormed and gave birth to the idea of an organization that would provide an insurance protection, and financial and material aid to public safety practitioners. All hands to the pump, we worked rigorously with very limited resources during the initial experimental period and with only a handful of employees. In the next years to follow, our team explored boundaries and conquered objections. And the rest, as they say, is history.

PSMBFI has undergone a remarkable transformation from its humble beginning, from a mere 70,000 on its first year to 178,000 active members and from one partner agency, the PNP, to eleven partner agencies today including National Police Commission, Bureau of Fire Protection, Office of Transportation Security, Philippine National Police

Academy, Philippine Coast Guard, National Mapping and Resource Information Authority, Metropolitan Manila Development Authority, Philippine Public Safety College, Department of Environment and Natural Resources, Bureau of Immigration, and just recently, the Land Transportation Office. Two decades and nine presidents ago, the organization has grown into a major mutual benefit association maintaining its liquidity all throughout its operation in Metro Manila and other major cities of the country. The synergy of talents and leadership by these nine gallant men whom we just honored a while ago have brought PSMBFI to its rightful spot in the industry - strong, and consistently moving upward with the policy of giving excellent service to its members.

As we reminisce about our glorious past, we also wish to salute those who have been a part of that past. Commemorative occasions like this also present an excellent opportunity to look forward to the future with a grateful heart. I must say that PSMBFI has had an impressive record of past achievement, dealing successfully over two decades now with a wide variety of challenges and opportunities. We are fortunate to work in an industry where we can all wake up every day and feel good about what we do.

As its founder, I am deeply pleased at the turn of events for all of us here tonight. My vision was to bring first-class insurance protection to our members and a long-standing commitment to provide them with the proper incentives and ultimately enhanced services. I am proud to declare; the vision was realized. Everyone here today has played a key role in maintaining that commitment either through your trust and confidence or your hard work and dedication.

Now, it is time for me to thank all the employees and the management team for working productively and meeting the growing needs of your members.

To the members, my sincerest gratitude for putting your trust in PSMBFI.

On your 20th anniversary –use the momentum, optimism, the memories and the lessons of the past two decades to guide you through the next.

Thank you PSMBFI for the recognition and for giving me that special joy. I will forever cherish tonight's experience.

May God continue to bless us all and good evening everyone!!!
